PREFACE

Section 41 of Government Notice Regulation (GNR.) No. 982 in Government Gazette No. 38202 (04 December 2014) of the Environmental Impact Assessment (EIA) Regulations, 2014, as amended, promulgated in terms of Section 24(5) and 44 of the of the National Environmental Management Act, 1998 (Act No.107 of 1998), as amended (NEMA), makes provision for comments from Interested and Affected Parties (I&APs) to be recorded in reports and plans, and such written comments, including responses to such comments, are attached to the reports and plans that are submitted to the competent authorities in this case, the North West Department of Mineral and Petroleum Resources (DMPR).

Tharisa is proposing to undertake an Integrated Environmental Authorisation (EA) and Waste Management License (WML) application for new activities proposed to be conducted for future proofing the mining operation [*Waste Rock Dumps (WRDs) and associated infrastructure; overpass access (bridge and gravel road); 275kV realignment and 88kV upgrade; Tailings Storage Facility (TSF) 3 slurry pipeline, TSF 1 Phase 1 conversion; lifting of the walls of TSF 1 Phase 2; and the salvage yard*], incorporating additional properties into the approved Tharisa MR boundary; and the consolidation of the existing Environmental Management Programmes (EMPrs), EAs and WMLs into a single Environmental Impact Assessment (EIA) / EMPr (hereunder referred to as the proposed project). The proposed project requires approval (Integrated EA and WML), and amendment to the existing EMPrs, and thus the reason for the application.

This report constitutes the Comments and Responses Report (CRR) which captures the issues raised by stakeholders during the Scoping and Environmental Impact Reporting (S&EIR) process for the proposed project.

As part of the announcement, notification letters which append registration are being sent to all identified I&APs. Sixteen (16) site notices have been fixed at a place conspicuous to and accessible by the public at the boundary of the site where the activity to which the application relates. One (1) newspaper advertisement has been placed in the Rustenburg Herald Newspaper on **Friday, 26 September 2025**. Comments which will be received from stakeholders will be captured in the CRR as it is not a static document but is, however, updated as and when comments are received. This report will be updated as the S&EIR process unfolds.
