Notice is given in terms of Section 17(3) of Government Notice Regulation (GNR.) No. 267 in Government Gazette No. 40713 (24 March 2017), of the National Water Act, 1998 (Act No.36 of 1998) (NWA) of the South Deep JV: South Deep Gold Mine (Pty) Ltd's intent to submit an application for the consolidation and amendment of the Water Use License (WUL). The mine is located in Westonaria within the Rand West City Local Municipality, West Rand District Municipality, Gauteng Province.

South Deep JV: South Deep Gold Mine was originally granted a WUL in terms of Chapter 4 of the NWA on 21 November 2011 (**License number: 03/C22J/ACFGIJ/1369**). The WUL was amended and reissued on 19 November 2018 (**License number: 08/C22J/GCEFIJA/8705**), which superseded the 2011 WUL. The WUL also had errors. An addendum to the issued WUL was issued on 29 July 2021. Currently, under the 2018 WUL and its addendum, South Deep JV: South Deep Gold Mine is authorised for the following water uses: Section 21(a),(c),(e),(f),(g),(i) and (j) of the NWA. The proposed WUL and its addendum amendments, and consolidation project require authorisation for water uses under Section 21(a),(b),(c),(e),(f),(g),(i) and (j).

Manyabe Consultancy (Pty) Ltd (MC) has been appointed as an independent Environmental Assessment Practitioner (EAP), to undertake the aforementioned application processes on behalf of South Deep JV: South Deep Gold Mine. The application will be submitted to the Department of Water and Sanitation (DWS).

In terms of Section 50 and 52 of the NWA, South Deep JV: South Deep Gold Mine is making an amendment application for an Integrated WUL (IWUL) for the various Section 21 water uses.
